

Indiana Green Expo 2020

Educational Program and Trade Show

February 11–13
Indiana Convention Center, Indianapolis

Education: February 11–13
Trade Show: February 12–13

*Indiana's largest,
most comprehensive
green industry event!*

3 Days of Excellent Education / February 11–13

Education by experts in their field and specific for the Midwest Green Industry. Includes in-depth, hands-on workshops and certifications opportunities!

2-Day Trade Show / February 12–13

Over 150 exhibitors to explore! Plus many extras including New Product Showcase, Landscape Challenge, and Silent Auction benefiting the INLA/INEF Scholarship!

IndianaGreenExpo.com

The Indiana Green Expo is presented in partnership by the Indiana Nursery and Landscape Association and the Midwest Regional Turf Foundation.

A **WORKSHOP A / Two-day course** **Concrete Paver Installer Certification**

Rick Bishoff, Techo-Bloc

February 11: 9:00 am – 5:00 pm
February 12: 8:00 am – 5:00 pm

For contractors involved in the residential and commercial installation of interlocking concrete pavements, the Interlocking Concrete Pavement Institute (ICPI) Concrete Paver Installer Certification is THE industry recognized program for the professionals committed to industry guidelines for segmental concrete pavement installation. The two-day course equips individuals currently employed in the concrete paver installer industry with training and tools to properly install interlocking concrete paving systems. In addition, participants have the opportunity to pursue certification at the end of the workshop, as well as potential industry recognition in the future.

Please note: Workshop price includes continental breakfast, lunch and refreshments – both days.

C **WORKSHOP C** **Landscape Maintenance 101**

Kyle Daniel, Purdue University

February 11: 1:00 – 4:00 pm

CCH = 3a:3.0, 3b:1.0, RT:3.0

This workshop, which is designed as an introductory course for landscape management basics, will include topics, such as proper planting, pruning, fertility, weed control, mulching, how plants grow, and more. We'll also demonstrate calibration of backpack sprayers as a hands-on demonstration. This course will cover many topics that entry-level employees (and those that need a refresher) will need to know for the 2020 season.

F **WORKSHOP E** **Diagnosing Tree and Shrub Problems: A Stepwise Approach**

Tom Creswell and John Bonkowski, Purdue University

February 11: 1:00 – 4:00 pm • CCH = 3a:3.0, 3b:1.0, RT:3.0

Diagnosing Landscape Problems: A Stepwise Approach will teach the steps of problem diagnosis, including tips for proper identification of the host, as well as key symptoms and signs to help identify plant diseases and other problems on trees, shrubs, and turf. There are many look-alike problems and expression of symptoms is a dynamic process – with symptoms changing in appearance over time. This interactive session will combine photos with hands-on diagnosis of samples in a stepwise approach to problem solving. This hands-on workshop will conclude with a review of the samples, allowing you to self-test your knowledge of the problems presented.

B **WORKSHOP B** **Turf 101: Just the Basics**

Cale Bigelow and Jada Powlen, Purdue University

February 11: 9:00 am – 12:00 pm

CCH = 3b:3.0, RT:3.0

This workshop will cover the foundational principles necessary to produce a dense, healthy turf. Topics to be covered include proper species and cultivar selection, management inputs like mowing and turf nutrition. A special emphasis will be placed upon nutritional needs for various turf areas, their use, expectations and desired management inputs.

D **WORKSHOP D** **Indiana Accredited Horticulturist (IAH) Review and Exam**

Jim Messmer, Vincennes University, retired

February 11: 1:00 – 5:00 pm

*1:00 – 3:00 pm: IAH Review (additional fee)
3:00 – 5:00 pm: IAH Exam*

As an educator and experienced IAH facilitator, Jim will aid you in preparing for the afternoon exam. There will be ample time for questions and individual attention. The review is also a great refresher for those already certified – earn IAH CEUs by attending.

Contact the INLA (800-443-7336) for program materials which are an additional fee.

F **WORKSHOP F** **Putting Green Workshop: Focusing on the Fundamentals**

Zach Nicoludis, United States Golf Association

February 11: 1:00 – 4:00 pm

Putting greens are hands down the most important playing surface on a golf course. The foundation of a sound agronomic program must be built on fundamental practices. This workshop will focus on the fundamental practices that are critical for balancing turf health and playability on putting greens. Topics that will be covered include: cultural management practices, water management, disease management, and optimizing growing environments.

Sponsored by: 

OPENING TURF SESSION

8:30 – 8:45 am

Welcome to the Indiana Green Expo

Kyle Daniel, Purdue University

8:45 – 9:00 am

MRTF Update and Announcements

Cale Bigelow, Purdue University

9:00 – 10:00 am

Big Venues and Stories from a Career in Sports Field Management

Dale Getz, Toro Company, retired

CCH = 3b:1.0, RT:1.0

LAWN CARE

10:30 – 11:30 am

Fred Whitford, Purdue University

CCH = 3a:1.0, 3b:1.0, 5:1.0, 6:1.0, 7a:1.0, RT:1.0

12:00 - 1:00 pm – Lunch break

1:00 – 2:00 pm

White Grub Management: New Options and Tactics

Doug Richmond, Purdue University

CCH = 3b:1.0, RT:1.0

2:00 – 3:00 pm

Update from the Indiana State Chemist's Office

Joe Becovitz, Office of Indiana State Chemist

CCH = 3a:1.0, 3b:1.0, 5:1.0, 6:1.0, 7a:1.0, RT:1.0

3:00 – 4:00 pm

How to Control Plantains in Turf

Quincy Law, Purdue University

CCH = 3b:1.0, RT:1.0

4:00 – 5:00 pm

Beyond Brown Patch: A Deeper Look at Lawn Diseases

David McCall, Virginia Tech

CCH = 3b:1.0, RT:1.0

GOLF

11:00 am – 12:00 pm

2019 Central Region Year in Review

Zach Nicoludis, United States Golf Association

CCH = 3b:1.0, RT:1.0

12:00 - 1:00 pm – Lunch break

1:00 – 2:00 pm

Hollow Tine Core Recycling for Your Putting Greens

Adam Thoms, Iowa State University

CCH = 3b:1.0, RT:1.0

2:00 – 3:00 pm

Benefits of Fairway Topdressing: Proven or Perception?

Jason Henderson, University of Connecticut

CCH = 3b:1.0, RT:1.0

3:00 – 4:00 pm

Iron Sulfate and Other Alternative Controls for Dollar Spot

David McCall, Virginia Tech

CCH = 3b:1.0, RT:1.0

4:00 - 4:10 pm

Presentation of the MRTF Green Award

Randy Brehmer, The Fort Golf Course

4:10 – 5:00 pm

MRTF History: 75th Years of Supporting Turf Research and Education

Bret Rush, John (J.T.) Turner and Greg Lovell, MRTF

OPENING LANDSCAPE SESSION

8:15 – 9:15 am

A \$7.50 Trailer Lock is Your Security Plan?

Fred Whitford, Purdue University

CCH = 3a:1.0, 3b:1.0, 5:1.0, 6:1.0, 7a:1.0, RT:1.0

9:15 – 9:45 am

Indiana Green Expo Welcome and Update

Kyle Daniel, Purdue University and David LaFara, INLA

LANDSCAPE INSTALLATION AND MAINTENANCE

1:00 – 2:00 pm

Weather and Climate Trends in the Landscape

Hans Schmitz, Purdue University

CCH = 3a:1.0, 3b:1.0, 5:1.0, 6:1.0, RT:1.0

2:00 – 3:00 pm

Diagnosing Woody Plant Problems in the Midwestern Landscape

Jeff Iles, Iowa State University • CCH = 3a:1.0, RT:1.0

3:00 – 4:00 pm

How to Fight Boxwood Blight

Janna Beckerman, Purdue University

CCH = 3a:1.0, RT:1.0

PLANT MATERIAL

2:00 – 2:45 pm

Native Plants for Landscapes

Rosie Lerner, Purdue University

2:45 – 3:30 pm

Finding Plants for the Midwest Landscape

Phil Douglas, Chicago Botanic Garden

3:30 – 4:30 pm

Too Large to Be a Shrub... Too Small to Be a Tree

Jeff Iles, Iowa State University

SPORTS TURF

1:00 – 2:00 pm

Managing Dirt Surfaces: Part Science, Part Art

Steve Lord, Cincinnati Reds

CCH = 3b:1.0, RT:1.0

2:00 – 2:55 pm

Improving Sports Turf Performance and Player Safety

Adam Thoms, Iowa State University

CCH = 3b:1.0, RT:1.0

2:55 - 3:05 pm

Presentation of the MRTF Green Award

Randy Brehmer, The Fort Golf Course

3:05 – 4:00 pm

Preparing Super Bowl Fields with the NFL Grounds Crew

Dale Getz, Retired, Toro Company • CCH = 3b:1.0, RT:1.0

4:00 – 5:00 pm

Triage Tactics and Strategies for Pesticide-Free Heavily Used Sports Fields

Jason Henderson, University of Connecticut

CCH = 3b:1.0, RT:1.0

VEGETATION MANAGEMENT

1:00 – 2:00 pm

Noxious and Invasive Plants – What's the Difference and How Do I Treat Them?!

Matt Kraushar, Indiana Department of Transportation

2:00 – 3:00 pm

Best Management Practices in Integrated Vegetation Management Programs

Dave Hillger, Corteva Agriscience

CCH = 3a:1.0, 3b:1.0, 6:1.0, RT:1.0

3:00 – 4:00 pm

Managing for Pollinator Habitat in ROW and Other Natural Areas

Matt Kraushar, Indiana Department of Transportation

4:00 – 5:00 pm

Interpreting and Understanding Pesticide Labels

Joe Becovitz and Jay Kelley, Office of Indiana State Chemist

Chemist

CCH = 2:1.0, 3a:1.0, 3b:1.0, 5:1.0, 6:1.0, RT:1.0

SPANISH TRACK

8:45 – 9:00 am
